

This is an overview of four PowerPoints which explore, through a formation lens, the concept of mission through an exploration of the MACS *Statement of Mission, Working Together in Mission,* he Way of the Gospel and *The Identity of the Catholic School for a Culture of Dialogue.* It is hoped these resources can be used by Religious Education leaders or principals with School Advisory Councils or staff to breakdown the documents and to, in line with the hopes of Pope Francis (<u>ICS</u> #97) rekindle our dedication for and with young people, renewing our passion for a more open and inclusive education, including patient listening, constructive dialogue and better mutual understanding (<u>Message for the Launch of the Global Compact on Education</u>).
